Drawings features the illustrative works by Guston accompanied by an authoritative essay by Bill Berkson, the great American poet and the artist's long-time friend - a testimony to just how fascinating the interplay of text and image can be. Philip Guston always had eminent artist friends. Tireless in his quest for the unknown, the still undiscovered, Guston engaged poets and literati in intense dialogues that, starting in the sixties, led to fruitful collaborations - including the creation of numerous illustrations and cover images for works by poets such as William

Corbett, Bill Berkson, and  
Clark Coolidge. In his "poem-  
pictures," Guston ultimately  
turned to producing

interactions of text and  
drawings - as responses to  
poems by his writer friends  
or as independent works that  
incorporated selected lines  
of poetry. Also available:
