Covers the social, religious and political background which led to the formation of the Sikh faith in the fifteenth century. Basing his account on original documents in Persian, Gurmukhi and English, the author traces the growth of Sikhism and tells of the compilation of its sacred scriptures in the Granth Sahib.

Five hundred years ago, Guru Nanak founded the Sikh faith in India. The Sikhs defied the caste system; rejected the authority of Hindu priests; forbade magic and idolatry; and promoted the equality of men and women -- beliefs that incurred the wrath of both Hindus and Muslims. In the centuries that followed, three of Nanak's nine successors met violent ends, and his people continued to battle hostile regimes. The conflict has raged into our own time: in 1984 the Golden Temple of Amritsar -- the holy shrine of the Sikhs--was destroyed by the Indian Army. In retaliation, Sikh bodyguards assassinated Prime Minister Indira Gandhi. Now,

Patwant Singh gives us the compelling story of the Sikhs -- their origins, traditions and beliefs, and more recent history. He shows how a movement based on tenets of compassion and humaneness transformed itself, of necessity, into a community that values bravery and military prowess as well as spirituality. We learn how Gobind Singh, the tenth and last Guru, welded the Sikhs into a brotherhood, with each man bearing the surname Singh, or "Lion," and abiding by a distinctive code of dress and conduct. He tells of Banda the Brave's daring conquests, which sowed the seeds of a Sikh state, and how the enlightened ruler Ranjit Singh fulfilled this promise by founding a Sikh empire. The author examines how, through the centuries, the Sikh soldier became an exemplar of discipline and courage and explains how Sikhs -- now numbering nearly 20 million worldwide -- have come to be known for their commitment to education, their business acumen, and their enterprising spirit. Finally, Singh concludes that it would be a grave error to alienate an energetic and vital community like the Sikhs if modern India is to realize its full potential. He urges India's leaders to learn from the past and to "honour the social contract with Indians of every background and persuasion."

This pictorial edition of A History of the Sikhs has updated and edited the most comprehensive two-volume book on the community. Written in Khushwant Singh's trademark style to be accessible to a general audience, it is based on scholarly archival research of original documents in Persian, Gurmukhi, and English. It examines the social, religious, and political background that led to the formation of

the Sikh faith in the fifteenth century. The transformation of the Sikhs from a pacifist sect to a militant group called the Khalsa led by Guru Gobind Singh is portrayed in detail, as is the relationship of the Sikhs with the Mughals and the Afghans, until the consolidation of Sikh power under Maharaja Ranjit Singh. The continuing Sikh struggle for survival as a separate community marked by the demand for a distinct Sikh state is chronicled, until the events leading up to and following Operation Blue Star when the Indian army entered the Golden Temple. This edition includes an epilogue that analyzes events following the end of terrorism in Punjab and the achievement of the community's aspirations, never more visible than in the elevation of a Sikh to the country's Prime Ministership.

In a revised edition of his original book, J. S. Grewal brings the history of the Sikhs from its beginnings in the time of Guru Nanak, the founder of Sikhism, right up to the present day. Against the background of the history of the Punjab, the volume surveys the changing pattern of human settlements in the region until the fifteenth century and the emergence of the Punjabi language as the basis of regional articulation. Subsequent chapters explore the life and beliefs of Guru Nanak, the development of his ideas by his successors and the growth of his following. The book offers a comprehensive statement on one of the largest and most important communities in India today.

deals with all aspects-religious, philosophical, political, military, social, economic and cultural, and the contribution of Sikhism to world civilization, in particular to human rights, principles of liberty, equality and fraternity, and to the creed of democracy and secularism. The aim is to present a comprehensive view of the rise, growth and development of Sikh thought and action almost in every direction. The whole series is based on original contemporary sources in English, Gurmukhi, Marathi, Persian and Urdu known to exist in India and abroad. This fourth volume deals with the rise and fall of Sikh misls. In Sikh history this term was first used by Guru Gobind Singh in the battle Bhangani in 1688, when he organised his forces into eleven misls. Banda Bahadur adopted the same organisation of eleven divisions in the battle of Sarhind in May 1710. In 1734 Nawab Kapur Singh divided the Khalsa into Budha Dal and Taruna Dal, both comprising eleven groups. This division was permanently adopted at the formation of Dal Khalsa in 1748. The Phulkian states were not a Sikh misl. They developed as petty kingdoms from the beginning. They owed allegiance to the Mughals and Durranis, the enemies of their faith. They purchased titles from them. The Sikh misls never agreed to serve under Muslim masters. Lahna Singh Bhangi flatly rejected to become Ahmad Shah Durrani's viceroy of Panjab. Baghel Singh Karorasinghia controlled Delhi for nine months as an independent chief. He thrice turned down Emperor Shah Alam's firman appointing him governor of the Upper Ganga Doab. The Sikh misls dominated the whole country from river Indus to the Ganga, and from punch in Kashmir to the borders of Sind and Baluchistan. The Mughal Emperor, his prime

ministers, Rohillas, Jats, Rajputs, Marathas, the British, hill rajas, and Durrani monarchs, all were terribly afraid of Sikh misls in spite of their complete disunity and mutual warfare. The misls in the western region were unceremoniously finished by Maharaja Ranjit Singh, and by the British Government in the eastern region.
