The Devil visited me three times in my life; albeit, my short life. Not in the physical sense, you must understand, but very much literally. He was persistent, resolute and tenacious. His ruthless greed to annihilate me was utterly disturbing. I am sure if he had hierarchy, the man at the top would have dragged his arse into Hell's prison for his unscrupulous methods. I was just fifteen when I first became aware of what he was capable of. This initial taste of him set the playing field for how my life was to be lived - for want of a better word. He mocked me, showed me mercilessly how he played the game and how he liked to cheat at said game. He ridiculed and taunted me until, six months later, he won and took something of so much importance from me that I would never be the same again. His second visit was, in my eyes, so much more cruel and heartless. I know we're talking about the Devil here, and yes, you have a right to say he had no heart but even then, even when I was so utterly broken, I begged to differ and hoped - no, prayed - that somewhere deep in the caverns of his black, tortured soul there was something that beat and confused his emotions once in a while. The third visit was somewhat different than the other two. He tried, and at first succeeded to bring me to my knees once and for all, but then something happened. God finally intervened and altered Satan's intention; he sent hope and morphed the Devil's minion into an Angel, hoping to break and shatter the anguish and suffering. He gave the ability for me to feel pleasure in pain, order in the chaos and light in the darkness. But in giving me a reprieve, he also gave me something that would finally and ultimately obliterate me. He gave me the capability to love, therefore giving me the ability to be destroyed. And Satan made sure that I was destroyed. Cruelly, viciously and sadistically. I am Mae Swift, and this is the story of my decimation***WARNING***This story doesn't contain hearts and flowers, it doesn't even contain the word 'love'. It isn't for the fainthearted, nor those who want romance and happy ever afters. It's dark, in fact it goes beyond the dark realms of misery and despair. It makes your heart suffer, it will beat you down and it will still demand more from you. Yet it is still a story of hope and courage. Friendships develop and understanding digs deep, whilst acceptance and surrender give way to reverence and sacrifice. It contains disturbing scenes of sexual violence, cruelty and torture. It also includes self-harm, pain addiction and brutalisation. Please bear this in mind before purchasing this book. Thank you.

When a reckless act upsets the balance between two MC clubs, everyone is fair game in the war that erupts. Avery belongs to Lilith's Army now, after being taken against her will, but she isn't just anyone, she's a Cutter's MC Princess, and they don't take kindly to people taking what's theirs. As Avery's life starts to spiral out of control, she finds that her only hope of survival is to put her trust in the man she doesn't trust at all. The only man that can bring destruction to not only both clubs, but also to her heart. When the fallout reaches beyond just the two clubs, the consequences bring death, devastation, and chaos for everyone. The dynamics of both clubs change forever in the wake that follows. Fate isn't done teaching Avery that life isn't always better with the devil you know sometimes it's with the devil you don't.

TRB Special Report 254 - Managing Speed: Review of Current Practices for Setting and Enforcing Speed Limits reviews practices for setting and enforcing speed limits on all types of roads and provides guidance to state and local governments on appropriate methods of setting speed limits and related enforcement strategies. Following an executive summary, the report is presented in six chapters and five appendices.

Our choices can change. Our lives can change. Our views can change. But can our hearts ever change what they feel? No matter how hard we try to choose the right way forward, our destinies are planned out from very early on, our lives mapped out the way fate deems fit for us. Our beliefs will always be varied but we all remain headstrong and wilful in our selfish views... that is until what you thought was fact proves to be fiction and what was unquestionable now blurs the lines of reason. Or hope becomes misery and love becomes hate. In the conclusion to Jake and Isla's story, the road to hell seems to be the easiest route available when truths turn into lies and loyalty turns to betrayal. But is their love stronger than the hatred inside them? Are their souls tough enough to survive the explosion and is their passion strong enough to endure the agony? It's time for Jake and Isla to fight together, for one another and then finally... against each other.

WARNING! This book is Dark erotica. This book contains situations that some may find offensive. If you are sensitive to graphic violence read with caution. This book also leads into a second book. You will get answers but the story will continue into a final instalment. You have been warned. Enjoy. You meet someone. You date. You fall in love. You marry. The four simple rules of love.... Wrong! I'm getting married but I'd never met him before now, never dated him, never fell in love. I have no access to the memories of the most magical time of anyone's life. My mind won't allow me to evoke the past, I can't remember those simple stages to lead me to the fourth. I can't comprehend why I would have ever wanted to marry someone like Dante. I should never have passed the first stage, although, I may have seen him through the eyes of the woman I once was, this me that lives, breathes here now, can't understand how we made it to the next stage. I'm not sure, without memories, how I know that this voice inside me, telling me I would never have chosen him, speaks some truth, I just know. He's controlling, arrogant, callous and violent, and utterly hell bent on humiliating and degrading me - Like watching me falter, watching me struggle to comply and be the woman he asked to marry, powers him- as though he wants to break me piece by piece. Fiber by fiber. Until all that's here is the shell he created from a soul that I once owned. Now my memories are slowly returning. And they show me a completely different side to meeting him. Our dates, falling in love. The Dante haunting me in the shadows of my mind is loving, gentle and utterly enamored with me, nothing like the man with me now. And this is what taunts me. My tender lover turned into a debauched, cruel sadist who is determined to consume my life, destroy my mind and murder my spirit. I am, Star, and just like with some stars in the sky, the light you see is an echo, a façade, I am already gone I am a no one. Especially to him. To him I am the dark in his desires, the corrupt in his depravity. The sin in his immorality

Judd Asher was taken from his front garden when he was just four years old. After an extensive search he was never found. Twenty-one years after a random call out, Judd is found chained and beaten in the basement of an old rundown farmhouse where he has lived the life of an animal for the last twenty-one years. Kloe Grant is assigned as Judd's personal therapist. It's her job to rehabilitate him, to guide him back to normal life. But as Judd's only emotion is rage, Kloe finds it both heart-breaking and challenging mending a soul that's not only broken but caged inside him by the demons of his past. However, when Kloe's relationship with her patient raises some eyebrows, Kloe can't fight against the powers that want to see her fail, and with an arm behind her back, she walks away, leaving behind a man who has come to live life again for her. Four years later Judd, now known as Anderson Cain, the darkest and most formidable cage fighter in a world where violence and crime are the only way to keep breathing, Judd finds there's not a lot in life that can abate the rage that still twists and prowls beneath his skin. Not until a chance encounter brings him to her door. To the woman with the bluest eyes and the most stunning smile, the woman who took his hand in the darkness and led him through the door into the sun. But Kloe Grant left him when he needed her the most. She took the only shred of hope and trust he had left and annihilated it. She starved his belief, and she fed his fury. She owes him. And he's going to make sure that this time, she pays. In blood. In lust. In pain. And with her soul.
