Helping to raise students, grades  
at AS/A Level

What's the secret to a company's continued growth and prosperity? Internationally known marketing expert Al Ries has the answer: focus. His commonsense approach to business management is founded on the premise that long-lasting success depends on focusing on core products and eschewing the temptation to diversify into unrelated enterprises. Using real-world examples, Ries shows that in industry after industry, it is the companies that resist

## Business Studies Focus

Textbook, and focus instead on owning a category in consumers' minds, that dominate their markets. He offers solid guidance on how to get focused and how to stay focused, laying out a workable blueprint for any company's evolution that will increase market share and shareholder value while ensuring future success.

Global service-based firms are often 'born global,' and these organizations have developed integrated global strategies based on industry relationships, in order to thrive in new environments.

## Business Studies Focus

**Textbook** Focusing on these global strategies, this textbook explores the workings of modern service businesses, presenting theoretical management concepts alongside illustrative examples. Original case studies from a range of global sectors, including Starbucks and Facebook, as well as broader studies, such as healthcare in Japan, provide practical insights into the art of thriving as a global business. Written by a leading expert in the field, this multidisciplinary text is a vital read for all scholars and students wishing to view strategic relationships from the focal point of service industries.

This volume examines the present status and future trends of

Textbook studies. Cutting-edge essays by leading experts and emerging scholars explore the field ' s theories, methodologies, and topics with the goal of generating debate and providing new perspectives. The Georg Eckert Institute ' s unique transdisciplinary focus on international textbook research has shaped this handbook, which explores the history of the discipline, the production processes and contexts that influence textbooks, the concepts they incorporate, how this medium itself is received and future trends. The book maps and discusses approaches based in cultural studies as well as in the social and educational sciences in addition to contemporary methodologies used
