buyer of quality high-fidelity components. New sections include: super audio CD; high-resolution audio on DVD; and single-ended amplifiers.

A beyond-cool look at the

Read Online Complete To High End Audio

world of high-end audio design for passionate collectors, obsessive audiophiles, and design fans
At a time when sales of vinyl records have hit a 25-year high, and analog technologies are providing

Read Online Complete To High End Audio

the kind of extraordinary audio experiences that our increasingly digital world has started to remove, Hi-Fi is essential reading. This unique book explores just how, when, and why the world fell in love with the look,

Read Online Complete To High End Audio

feel, and sound of top-of-the-line audio equipment. Hi-Fi traces this fascinating evolution from the 1950s to today (and tomorrow), taking readers right up to the current renaissance of all things analog and the

Read Online Complete To High End Audio

emergence of cutting-edge designs for die-hard audiophiles.

How to choose, set up, and enjoy the latest high-technology audio systems are all given expert insight in

Read Online Complete To High End Audio

this indispensable guide for stereo shoppers. Consumers today often use home-audio systems for both stereo music and surround-sound music, they buy multichannel systems instead of two-channel stereo systems, they

Read Online Complete To High End Audio

may have HDTV and flat-panel televisions, and they have largely moved to in-wall and on-wall loudspeakers rather than floorstanding units. Questions relating to all of these changes are covered in a novice-friendly way, as

Read Online Complete To High End Audio

well as Super Audio CD, DVD-Audio formats, and all of the latest surround-sound formats for home theater. The emphasis is not only on solving shopping dilemmas, but also on getting great sound from an audio system.

Read Online Complete To High End Audio

Neil Young took on the music industry so that fans could hear his music—all music—the way it was meant to be heard. Today, most of the

Read Online Complete To High End Audio

music we hear is compressed to a fraction of its original sound, while analog masterpieces are turning to dust in record company vaults. As these recordings disappear, music fans aren't just losing a collection of

Read Online Complete To High End Audio

notes. We're losing spaciousness, breadth of the sound field, and the ability to hear and feel a ping of a triangle or a pluck of a guitar string, each with its own resonance and harmonics that slowly trail off

Read Online Complete To High End Audio

intosilence. The result is music that is robbed of its original quality—muddy and flat in sound compared to the rich, warm sound artists hear in the studio. It doesn't have to be this way, but the record and

Read Online Complete To High End Audio

technology companies have incorrectly assumed that most listeners are satisfied with these low-quality tracks. Neil Young is challenging the assault on audio quality—and working to free music lovers from the

Read Online Complete To High End Audio

flat and lifeless status quo. To Feel the Music is the true story of his quest to bring high-quality audio back to music lovers—the most important undertaking of his career. It's an

Read Online Complete To High End Audio

unprecedented look inside the successes and setbacks of creating the Pono player, the fights and negotiations with record companies to preserve master-pieces for the future, and Neil's unrelenting determination to

Read Online Complete To High End Audio

make musical art available to everyone. It's a story that shows how much more there is to music than meets the ear. Neil's efforts to bring quality audio to his fans garnered media attention when his Kickstarter

Read Online Complete To High End Audio

campaign for his Pono player—a revolutionary music player that would combine the highest quality possible with the portability, simplicity and affordability modern listeners crave—became the third-most

Read Online Complete To High End Audio

successful Kickstarter campaign in the website's history. It had raised more than \$6M in pledges in 40 days. Encouraged by the enthusiastic response, Neil still had a long road ahead, and his Pono music player

Read Online Complete To High End Audio

would not have the commercial success he'd imagined. But he remained committed to his mission, and faced with the rise of streaming services that used even lower quality audio, he was determined to rise to

Read Online Complete To High End Audio

the challenge. An eye-opening read for all fans of Neil Young and all fans of great music, as well as readers interesting in going behind the scenes of product creation, To Feel the Music has an inspiring story at

Read Online Complete To High End Audio

its heart: One determined artist with a groundbreaking vision and the absolute refusal to give up, despite setbacks, naysayers, and skeptics.

A comprehensive guide to

Read Online Complete To High End Audio

audio electronics. It is designed to help enthusiasts understand and modify their hi-fi equipment. This edition contains new chapters on servicing, and digital developments such as DVD, digital TV, digital
