This second edition of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching from first stages to GCSE. Completely revised and restructured in the light of a nationwide survey of Classics teachers, it provides an exciting, stimulating approach to Latin based on the reading of original texts. Parts I-III are built around a narrative detailing the life of Horace, based closely on historical sources, which helps students to develop an understanding of the times of Cicero and Augustus.

The title of this series of Latin books is Ecce Romani, which means "Look! The Romans!" The books in the series will present the Romans to you as you learn the Latin language that they spoke. At first you will meet the members of a Roman family; Latin is the language they use to communicate among themselves. As you continue reading you will meet mythological and historical characters that meant much to the Romans and remain part of our cultural heritage today. You will be introduced to a vast and colorful world of ancient Mediterranean and European civilizations that included peoples who spoke many different languages, and you will meet people of many different cultures and social levels, ranging from slaves to emperors. You will read passages from many ancient Roman writers and thus come into direct communication with the ancient Romans themselves. - Introduction.

"Against Verres" by Marcus Tullius Cicero (translated by C. D. Yonge). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

This book contains over fifty passages of Latin from 200 BC to AD 900, each with translation and linguistic commentary. It is not intended as an elementary reader (though suitable for university courses), but as an illustrative history of Latin covering more than a millennium, with almost every century represented. Conventional histories cite constructions out of context, whereas this work gives a sense of the period, genre, stylistic aims and idiosyncrasies of specific passages. 'Informal' texts, particularly if they portray talk, reflect linguistic variety and change better than texts adhering to classicising norms. Some of the texts are recent discoveries or little known. Writing tablets are well represented, as are literary and technical texts down to the early medieval period, when striking changes appear. The commentaries identify

innovations, discontinuities and phenomena of long duration. Readers will learn much about the diversity and development of Latin.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

This anthology is designed to meet the needs of Latin students today, acknowledging present constraints on their study-time. It adopts the authors' approach of their "Ecce Romani" series. To enable students to read Latin reasonably quickly, generous assistance is given with vocabulary and explanatory notes placed next to the Latin text. The meaning of difficult sentences and phrases is usually explained by literal translation rather than complex grammatical explanation, though reference is frequently made to the authors' modern grammar book "The Latin Language". An 'overview' technique helps students unravel complex sentences. Extracts are drawn from Cicero's speeches, letters and philosophical writings, thus illustrating his mastery of styles. They are also chosen to provide an interesting contemporary view of a highly significant phase of Roman history, and linked by simple historical background notes. 'Points for Discussion' highlight stylistic features, showing how Cicero's thinking on moral and social issues remains relevant to modern times.
