New from Edmund, a complete guide to buying, financing, insuring & maintaining cars. The book will analyze how to negotiate the purchase of a new or used car, how to finance, insure & prepare for selling a car. A section will explain dealer options that do not add value at resale. Chapters on car care will explain the need for basic maintenance & will provide easy-to-use charts to aid the user in keeping maintenance records.

Get it right the first time! John Humphrey Millar, now in his 103rd year, has written a non-fiction health booklet: a "user-friendly" manual on how to protect one's immune system to ensure a long and healthy life. This information has been gathered from his own personal experience. His impressive ability to overcome obstacles and achieve results has encouraged him to write this common sense 76-page manual.This work, entitled ASCULAPIUS, Your Owner's Manual, is accessible to a mass audience, especially people who wish to care and maintain his or her body in good condition. It will assist in techniques to increase life span, by eating the correct food, taking nutritional supplements and daily exercise to protect oneself from illness.The purpose of this book is to remind each one of us that we are responsible for planning and carrying out care and maintenance of our body. We can slow down the damage and start repairs today.We hope that ASCULAPIUS, Your Owner's Manual sparks this kind of enthusiasm in our readers, and shows them how much all of us can learn about ageing, not only from books such as this one, but from the intelligence and wisdom of John H. Millar, a centenarian who has lived a long, enjoyable, passionate and healthy life.

Traces the origins of the Death Star, from concept to top-secret project. This manual explores the Death Star's onboard systems and controls, and is packed with floor plans, cutaways, and exploded diagrams.

Mitsubishi's 4G63t engine is among the most powerful engines ever in the sport-compact world. It's not uncommon to find one of these four-cylinder, iron-block, aluminum-headed, 2-liter turbocharged monsters making more than 1,000 horsepower with the right modifications and tuning - well above the 200-300 hp produced in the factory-made engines. Bolted into such cars as the Mitsubishi Lancer Evolution, Eclipse, and Galant, and the Eagle Talon and Plymouth Laser, the 4G63t has more than a cult following among sport-compact enthusiasts, who know and respect this engine's immense performance potential at the track or on the street. Up until now, in-depth performance information on the 4G63t has been hard to find. For this book, author Robert Bowen went straight to the source, Robert Garcia of Road/Race Engineering in Santa Fe Springs, California. RRE is the most well-known and respected Mitsubishi turbo performance shop in the United States, and Garcia is its in-house engine builder. Mitsubishi enthusiasts will benefit from Garcia's expertise and be able to build better, stronger engines than ever before. "How to Build Max-Performance Mitsubishi 4G63t Engines" covers every system and component of the engine, including the turbocharger system and engine management. More than just a collection of tips and tricks, this book includes a complete history of the engine and its evolution, an identification guide, and advice for choosing engine components and other parts. Profiles of successful built-up engines show the reader examples of what works, and the book includes helpful guidance for choosing your own engine building path.

Anyone observing the awe-inspiring sight of an eclipse will want to capture it on film for posterity. Eclipse '99: Capture It on Film provides the practical advice to capture a solar eclipse on film, covering topics from eye safety to suitable films. Whether the observer is using a "fun" camera or sophisticated equipment, this accessible book illustrates what can be achieved. By carefully following the advice of the experienced astrophotographer author, it is possible to observe and take photographs safely, leaving you with a pictorial record that will last a lifetime.
