Epepe, written in 1970, is the first of Karinthy's novels to be translated into English, appearing as Metropole in 2008.. This essentially Kafkaesque tale follows the travails of Budai, a linguist who steps off a plane expecting to be in Helsinki but finds himself in a sprawling and densely populated metropolis whose residents speak an unknown and unintelligible language.

Ferenc Karinthy - Wikipedia

Comments: Opepe is used in marine applications, and is sometimes used in place of oak (except in cases where the wood needs to be bent, as it does not respond well to steam bending). Its golden orange color, borer resistance, and large available sizes make it a unique choice for exterior applications.

U ovo doba karantene na površinu su isplivali zadnji primjerci našeg debi studijskog uratka u obliku kompaktnog diska! Neki se možda i sjećaju, on se zove "EPePe" i potječe iz 2010. godine! Originalna tiraža bila je (otprilike) 100 komada, a preostalo ih je samo 7 - upravo onoliko koliko se na disku nalazi pjesama!

This is my third reading of Ferenc Karinthy's dystopian novel. I speculated in January as to whether this would be my year of reading Hungarian literature, and so it has transpired. I re-read 'Metropole' for a discussion with some like-minded readers. Its correct title is 'Epepe'.

Metropole by Ferenc Karinthy - Goodreads

EpiPen is an injection containing epinephrine, a chemical that narrows blood vessels and opens airways in the lungs. These effects can reverse severe low blood pressure, wheezing, severe skin itching, hives, and other symptoms of an allergic reaction.
