A professor of sociology explores how black feminist thought confronts the injustices of poverty and white supremacy, and argues that those operating outside the mainstream emphasize sociological themes based on assumptions different than those commonly accepted. Original. UP.

In spite of the double burden of racial and gender discrimination, African-American women have developed a rich intellectual tradition that is not widely known. In Black Feminist Thought, Patricia Hill Collins explores the words and ideas of Black feminist intellectuals as well as those African-American women outside academe. She provides an interpretive framework for the work of such prominent Black feminist thinkers as Angela Davis, bell hooks, Alice Walker, and Audre Lorde. The result is a superbly crafted book that provides the first synthetic overview of Black feminist thought.

A provocative analysis of the new contours of black nationalism and feminism in America.

Kath Weston's powerful collection of essays, Long, Slow Burn, challenges the preconception that queer studies is the brainchild of the humanities and argues that social science has been talking about sex all along. To deny this one would have to overlook Kinsey's pioneering sex research in the 1950s, or the psychiatrist Evelyn Hooker's pathbreaking study of homosexuality, but also in the "sex talk" that lies at the heart of classic debates on kinship, inequality, cognition, and other foundational topics in the social sciences. What is different now, Weston claims, is the way sexuality has been isolated from other contemporary issues. Not content with its ghettoization as a contained subfield, Weston refuses to draw an artificial line around sexuality.

In Black Sexual Politics, one of America's most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world today.

Studies of contemporary black women are rare and scattered, and are often extensions of a legacy beginning in the 19th century that characterized black women as domineering matriarchs, prostitutes, or welfare queens, negative characterizations that are perpetuated by both white and non-white social scientists. Based on over 200 interviews, this book departs from these conventions in significant ways, and, using a "collective memory" conceptual framework, shows how black women cope with and interpret lives often limited by racial barriers not of their making.

In this fiercely intelligent yet accessible book, one of the nation's leading sociologists and experts on race calls for "another kind of public education"--one that opens up more possibilities for democracy, and more powerful modes of participation for young people of color.

Since stepping down as the 100th President of the American Sociological Association, Patricia Hill Collins has been lecturing extensively at universities and at private and public organizations about the role of the intellectual in public culture and how well intellectuals communicate questions about contemporary social issues to the larger public. This book is a collection of those lectures, along with new and (a few) previously-published essays. -- Product details.
