Export controls and economic sanctions increasingly affect the day-to-day business operations across the globe. No company with cross-border operations or even a multinational work force is immune from their application or can afford to ignore these laws. Though once a relatively esoteric area of legal practice, controls over the export of ...

Export Controls training is offered via the Collaborative Institutional Training Initiative (CITI Program). It consists of 1 required module, and should take about 30 minutes to complete. Training is required for Personnel included on a TCP, and for Personnel on research projects that comprise items that would usually be subject to Export Controls. Training must be completed as assigned, as well as prior to the finalization of a TCP.

~~Export Controls—SMU~~

In addition to weapons themselves, the purpose of security export control is to prevent high-performance machine tools, bacteria that can be used to make biological weapons, or other materials that can be diverted for military use from falling into the hands of developers of weapons of mass destruction (WMD), *1
