Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

The aim of this manual is to help readers get the best from their vehicle. It provides information on routine maintenance and servicing and the tasks are described and photographed in a step-by-step sequence so that even a novice can do the work.

Must Love Dogs meets My Not So Perfect Life in this hilarious romantic comedy about a dog trainer who's a master at managing her four-legged friends, but when it comes to her love life...let's just say she still has a lot to learn. Cora Bellamy is a woman who thrives on organization. She's successfully run her own dog training business for years, perfectly content with her beloved rescue pitbull as the main man in her life. She's given everything to her business, and her lack of social life (or slobber-free clothes) has been completely worth it. But all that changes when she meets Charlie Gill, the hottest client she's ever had. The only problem? Charlie's taken. Luckily, Cora has a new friend—the sweet, lovably geeky Eli Crawford. More loyal than a retriever, he's always there to help Cora with her problems, including her love life. That's why she's shocked to realize that even as things start heating up with Charlie, there might just be a more-than-friends spark between her and Eli, too. As Cora's life gets more tangled up than a dogwalker's leashes—and as she prepares to audition for a dog-training TV show that may irrevocably change her entire life—she has to figure things out before it all goes straight to the dogs. Charming, witty, and warm-hearted, Life on the Leash inspires you to cheer for every underdog looking for love.

"Collection of games aimed at enhancing children's self-awareness and social and emotional skills, helping them understand and deal with problems in daily interactions with other children and adults"--Provided by publisher.

A comprehensive and accessible introduction to statistics in corpus linguistics, covering multiple techniques of quantitative language analysis and data visualisation.

In Service of Emergent India is an evocative insider's account of a crucial period in India's history. It provides an in-depth look at events that changed the way the world perceived India, and a unique view of Indian statecraft. As Minister of External Affairs, Defense, and Finance in the BJP-led governments of 1996 and 1998-2004, Jaswant Singh was the main foreign policy spokesman for the government of Atal Bihari Vajpayee during the 1998 nuclear tests by India and Pakistan, the hijacking to Kandahar, Afghanistan, of Indian Airlines flight IC 814, and the Kargil conflict between India and Pakistan, as well as other key events. In an account that is part memoir, part analysis of India's past and future prospects, Singh reflects on his childhood in rural Rajasthan at the end of the colonial period, his schooling and military training, and memories of Indian Independence and the Partition of India and Pakistan. He analyzes the first four decades of Indian nationhood under Congress Party rule, ongoing tensions between India and Pakistan, Sino-Indian relations, and post-9/11 U.S.-Indian relations.

A New York Times Notable Book from the acclaimed author of Slaughterhouse-Five, Breakfast of Champions, and Cat's Cradle. At 2:27pm on February 13th of the year 2001, the Universe suffered a crisis in self-confidence. Should it go on expanding indefinitely? What was the point? There's been a timequake. And everyone—even you—must live the decade between February 17, 1991 and February 17, 2001 over again. The trick is that we all have to do exactly the same things as we did the first time—minute by minute, hour by hour, year by year, betting on the wrong horse again, marrying the wrong person again. Why? You'll have to ask the old science fiction writer, Kilgore Trout. This was all his idea.
