leaders to devise a plan for partitioning the empire into two independent sovereign states. During the remainder of his term, his daughter Pamela kept a diary recounting this remarkable time?from trips to Calcutta, Bombay, Madras, Orissa, and Assam to the exotic palaces of Indian rulers and the Rajputs in Central and Western India, and the imperial palace-cities built by the mughals. With anecdotes from her writings and a collection of atmospheric photographs, this account paints a clear picture of an extraordinary transitional period in history.

partitioning the empire into two independent sovereign states, India and Pakistan, on August 15, 1947 and he remained as interim Governor-General of India until June 1948. During this time Lord Mountbattens daughter and Indias mother, Pamela, was with her parents and kept a diary recounting this extraordinary tale of history. The diaries include their trips to stay in Calcutta, Bombay, Madras, Orissa and Assam, and the exotic palaces of Indian rulers. 'India Remembered' is a scrapbook of private family photographs taken during this historical period (Edwina Mountbatten walking arm in arm with Nehru through a courtyard, or Gandhi taking tea for the first time at Viceroy's House). Includes many anecdotes from Pamela Mountbattens diaries such as reminiscences of having to leave 10 minutes before dinner was actually announced as the walk from the bedroom

Account Of The Mountbattens During The Transfer Of Power to the dining hall was so far (if running really late, riding a bicycle through the corridors to make time). Includes photographs evoking the atmosphere of the Mountbattens favourite retreat, that of Viceregal Lodge in Simla.

The book is a blend of emotional challenges and travel journeys of the author around the Indian country. One can learn many unique things about different yet common places, about their history and culture apart from all that everybody knows. As the voyage starts, the author finds herself being a coward who couldn't even speak for herself but through the journey realises the courage and the strength that she had within herself. She didn't have much social circle initially but as the time passes she discovers many mates who were like her and created a bond with them. She realises the true

meaning of enjoying life. She had a relationship that was no more than an embarrassment to her and because of which she even tried to commit suicide during the journey but later realised that her life was far more precious than a relationship. The book is like a train ride, where you can have a glimpse of outside view along with a toast of emotions.

'The most humane account of partition I've read ... We need a candid conversation about our past and this is an essential'

Nikesh Shukla, Observer 'The book of 2019 that opened my eyes more than anything else. Seminal work, beautifully told' Emily Maitlis

The division of the Indian subcontinent in 1947 into India and

Pakistan saw millions uprooted and resulted in unspeakable violence. It happened far away, but it would shape modern Britain. Dotted across homes in Britain are people who were witnesses to one of the most tumultuous events of the twentieth century. But their memory of Partition has been shrouded in silence. In her eye-opening and timely work, Kavita Puri uncovers remarkable testimonies from former subjects of the Raj who are now British citizens – including her father. Weaving a tapestry of human experience over seven decades, Puri reveals a secret history of ruptured families and friendships, extraordinary journeys and daring rescue missions that reverberates with compassion and loss. It is a work that breaks the silence and confronts the difficult truths at the heart of Britain's shared past with South Asia.

The princess daughter of Lord Louis and Edwina Mountbatten and descendant of British and Russian royals documents her singular childhood in England and India surrounded by famous guests, her parents' open lovers and her exotic pets. By the author of *India Remembered*. 40,000 first printing.

A reappraisal of the tumultuous Partition and how it ignited long-standing animosities between India and Pakistan This new edition of Yasmin Khan's reappraisal of the tumultuous India-Pakistan Partition features an introduction reflecting on the latest research and on ways in which commemoration of the Partition has changed, and considers the Partition in light of the current refugee crisis. Reviews of the first edition: "A riveting book on this terrible story." *Economist* "Unsparring. . . .

Provocative and painful. Times (London)

Many histories of Partition focus solely on the elite policy makers. Yasmin Khan's empathetic account gives a great insight

into the hopes, dreams, and fears of the millions affected by it. Owen Bennett

The first novel in the Poseidon's Children series from the acclaimed author of the Revelation Space series. One hundred and fifty years from now, Africa has become the world's dominant technological and economic power. Crime, war, disease and poverty have been practically eliminated. The Moon and Mars are settled, and colonies stretch all the way out to the edge of the solar system. And Ocular, the largest scientific instrument in history, is about to make an epochal discovery... Geoffrey Akinya wants only one thing: to be left in peace, so that he can continue his

long-running studies into the elephants of the Amboseli basin. But Geoffrey's family, which controls the vast Akinya business empire, has other plans for him. After the death of his grandmother Eunice—the erstwhile space explorer and entrepreneur—something awkward has come to light on the Moon, so Geoffrey is dispatched there to ensure the family name remains untarnished. But the secrets Eunice died with are about to be revealed—secrets that could change everything...or tear this near utopia apart.

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot.
