In *The Blood Gospel*, brilliant archaeologist Erin Granger embarked on a mission to recover a miraculous artifact tied to Christ. Her journey put her in the path of a diabolical enemy and introduced her to an ancient and highly secret Vatican order known simply as the Sanguines. Now, an attack outside Stanford University thrusts Erin back into the fold of the Sanguines. As the threat of Armageddon looms, she must unite with the eternal spiritual order and a terrifying power to halt the plans of a ruthless and cunning man determined to see the world end—a man known only as Iscariot. In *Innocent Blood*, bestselling authors James Rollins and Rebecca Cantrell again take us to the edge of destruction in a riveting tale of international adventure, intrigue, suspense, and supernatural mystery.

In his first-ever collaboration, New York Times bestselling author James Rollins combines his skill for cutting-edge science and historical mystery with award-winning novelist Rebecca Cantrell's talent for haunting suspense and sensual atmosphere in a gothic tale about an ancient order and the hunt for a miraculous book known only as . . . *The Blood Gospel* An earthquake in Masada, Israel, kills hundreds and reveals a tomb buried in the heart of the mountain. A trio of investigators—Sergeant Jordan Stone, a military forensic expert; Father Rhun Korza, a Vatican priest; and Dr. Erin Granger, a brilliant but disillusioned archaeologist—are sent to explore the macabre discovery, a subterranean temple holding the crucified body of a mummified girl. But a brutal attack at the site sets the three on the run, thrusting them into a race to recover what was once preserved in the tomb's sarcophagus: a book rumored to have been written by Christ's own hand, a tome that is said to hold the secrets to His divinity. The enemy who hounds them is like no other, a force of ancient evil directed by a leader of impossible ambitions and incalculable cunning. From crumbling tombs to splendorous churches, Erin and her two companions must confront a past that traces back thousands of years, to a time when ungodly beasts hunted the dark spaces of the world, to a moment in history when Christ made a miraculous offer, a pact of salvation for those who were damned for eternity. Here is a novel that is explosive in its revelation of a secret history. Why do Catholic priests wear pectoral crosses? Why are they sworn to celibacy? Why do the monks hide their countenances under hoods? And why does Catholicism insist that the consecration of wine during Mass results in its transformation to Christ's own blood? The answers to all go back to a secret sect within the Vatican, one whispered as rumor but whose very existence was painted for all to see by Rembrandt himself, a shadowy order known simply as the Sanguines. In the end, be warned: some books should never be found, never opened—until now.

In this riveting follow-up to *The Blood Gospel*, the first book in the thrilling and atmospheric *Order of the Sanguine* series, New York Times bestselling authors James Rollins and Rebecca Cantrell deliver a tale of international adventure, intrigue, suspense, and supernatural mystery involving a modern scientist, a highly secret eternal spiritual order, and a terrifying power who must join forces to bring down a ruthless and cunning enemy and prevent the Apocalypse. While exploring a tomb hidden for centuries in the depths of Masada, Israel, brilliant archaeologist Erin Granger began an incredible journey to recover a miraculous ancient artifact tied to Christ himself. The quest introduced her to a diabolical enemy determined to discover the book and use its powers for his own dark ends. It also led her to an ancient and highly secret Vatican order—known simply as the Sanguines. Though she survived, the danger has only just begun . . . An attack outside Stanford University thrusts Erin back into the fold of the Sanguines. As the threat of Armageddon looms, she must unite—with an ancient evil to halt the plans of a man determined to see the world end, a man known only as Iscariot.

Adopted as a child into a privileged family, Philippa Palfrey fantasizes that she is the daughter of an aristocrat and a parlor maid. The terrifying truth about her parents and a long-ago murder is only the first in a series of shocking betrayals. Philippa quickly learns that those who delve into the secrets of the past must be on guard when long-buried horrors begin to stir. "As a crime novel," wrote the *London Times*, *Innocent Blood* is "the peak of the art." "Flawlessly crafted...profoundly, masterfully moving," *Cosmopolitan* concurred.

During the most terrible years of World War II, when inhumanity and political insanity held most of the world in their grip and the Nazi domination of Europe seemed irrevocable and unchallenged, a miraculous event took place in a small Protestant town in southern France called Le Chambon. There, quietly, peacefully, and in full view of the Vichy government and a nearby division of the Nazi SS, Le Chambon's villagers and their clergy organized to save thousands of Jewish children and adults from certain death.

In a masterpiece of supernatural mystery and apocalyptic prophecy, New York Times bestselling authors James Rollins and Rebecca Cantrell bring to a thunderous conclusion their epic trilogy of novels set between the worlds of shadow and light, between salvation and damnation, where the very gates of Hell must be shattered to discover the true fate of humankind in... Blood Infernal As an escalating scourge of grisly murders sweeps the globe, archaeologist Erin Granger must decipher the truth behind an immortal prophecy foretold in the Blood Gospel, a tome written by Christ and lost for centuries: The shackles of Lucifer have been loosened, and his Chalice remains lost. It will take the light of all three to forge the Chalice anew and banish him again to his eternal darkness. With the Apocalypse looming, Erin must again join forces with Army Sergeant Jordan Stone and Father Rhun Korza to search for a treasure lost for millennia. But the prize has already fallen into the hands of their enemy, a demon named Legion, before whom even the walls of the Vatican will fall. The search for the key to salvation will take Erin and the others across centuries and around the world, from the dusty shelves of the Vatican's secret archives to lost medieval laboratories, where ancient alchemies were employed to horrific ends. All the while, they are hunted, besieged by creatures of uncanny skill and talent. As clues are dug free from ancient underground chapels and found frozen in icy mountain caverns, one that will destroy not only her, but all she loves. To protect the world, Erin must walk through the very gates of Hell and face the darkest of enemies: Lucifer himself. With The Blood Gospel, the first novel in the Order of the Sanguines series, James Rollins and Rebecca Cantrell combined science, myth, and religion to introduce a breathtaking world where miracles hold new meaning and the fight for good over evil is far more complicated than we ever dreamed. And now, in this epic conclusion to the Sanguines trilogy, Blood Infernal, they take us to the very pit of Hell itself, making us peer into the abyss and face our greatest fears, to answer the ultimate question: What price will we pay for true salvation?

Not a book on social issues per se, nor a book on missions, Innocent Blood integrates the two and calls us to courageously challenge the powers of death with the gospel of life. It does this by exploring the striking relationships between the scandal of the gospel and the tragedy of abortion.

**WHERE CURRENT EVENTS, HISTORY, AND THE BIBLE COME TOGETHER** The Death of Abel is the first murder to occur in the Bible. Why did Cain kill his brother? After centuries of progress, why does the need to kill still exist? With advances in medical science, from vaccines to heart transplants, why can't we solve the most basic destructive human condition known to mankind? We are racing to develop a vaccine to protect the people of the world from the dreaded Covid-19 virus. We will spend whatever it takes to protect the lives of our loved ones while ignoring the most damning disease of all, HATRED! Hate has been around since the beginning. How do we stop it? It may not be as hard as you think. All The Innocent Blood: Shed by Israel shows us what works and what does not. All The Innocent Blood: Shed by America, the sequel, will show us how to defeat this evil. These timeless truths were written for such a time as this. The question is are we the people they were written for? One of the great lessons of the chapter on Sodom and Gomorrah is God prefers forgiveness to judgment. If God preferred forgiveness to judgment, then what went wrong? By knowing what went wrong, perhaps we can avoid history repeating itself, in our lifetime!

When a terrorist bomb devastates an exclusive junior school in Hollywood, killing the sons and daughters of many famous TV and movie actors and producers, all hell breaks loose. Among the many dead is Danny Bell, the son of successful comedy writer Frank Bell. Responsibility for the blast is claimed by a group who say that they want to put the decadent Western media out of business for good.

Innocent Blood recounts the heart-rending stories of Cape rebels and republican soldiers executed by the British during the Anglo Boer War. These previously untold tales evoke vivid scenes of the brutality that accompanied complete lack of justice, while sketching the tragic details of the suffering and emotional devastation that were the real-life stories touched by these executions. Captivating as these stories are, they were researched extensively - the authors spent months travelling to the sites that witnessed the stories. They were then also condoned by two professors of history.
