It is important to use the correct fluid  
oil in you manual transmission, the  
vehicle manufacturers have done  
extensive testing to specify the correct  
fluid. The oil is designed to reduce  
friction and provide necessary cooling.

I have a 4700 IH with a Spicer 6+1. I would say it is not hard to shift but can be difficult. Going from 2nd to 3rd is where I have the most trouble. Seems like the slot is small and hard to line up, downshifting is the same. That is the only trouble I have with mine, if I am in a hurry it is worse.

The International S series is a range of trucks that was manufactured by International Harvester (later Navistar International) from 1977 to 2001. Introduced to consolidate the medium-duty IHC Loadstar and heavy-duty IHC Fleetstar into a single product range, the S series was slotted below the Transtar and Paystar Class 8 conventionals.. The IHC S series was produced in a number of variants for ...
