i. Leave should always be applied for and sanctioned before it is taken, except in cases of emergency and for satisfactory reasons. ii. Absence from duty after expiry of leave entails disciplinary action. iii. Absence without leave will constitute an interruption in service iv. A staff on leave should not take up any service or employment elsewhere

The Adoption and Children Act 2002 contains the most radical changes to adoption law for over 25 years. The Act repeals and replaces the Adoption Act 1976 and amends the Children Act 1989. Significant detail is provided in Regulations. This clear and practical guide provides authoritative guidance to the new legislation. The full text of the 2002 Act is set out together with its associated primary and secondary legislation. The book covers both England and Wales and includes relevant further reference materials where necessary.

Providing quality content on management and education in the current health care settings, this book is particularly useful for the students of B.Sc. nursing (4th year), where the nurses have to manage patients and simultaneously provide nursing services in an effective manner. This text provides comprehensive coverage of all the important processes and techniques that are important for training and development of nurses as good administrators. Strictly as per the INC syllabus Comprehensive and exhaustive coverage yet concise and well structured Dual treatment of concepts: theoretical and applied Lucid style with easy language for ease of comprehension Student-friendly style of presentation: short sentences, bulleted lists, and ample number of tables, figures and charts End-of-chapter questions including multiple-choice questions, especially included keeping in view the examination perspective New to the Second Edition New concepts/techniques of management added in several chapters Updated information added in a number of chapters Outdated content has been replaced with new up-to-date information An altogether new look and feel provided to the book

This publication is a training resource that deals with the period prior to successful weaning when a child continues to receive breast milk but also needs increasing amounts of additional complementary foods to ensure healthy development. It is intended as a practical learning tool for all those responsible for the health and nutrition of young children, particularly health and nutrition workers, and their trainers.
