Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Whether it's geared up for racing, tricked out as a pit bike, used to teach kids how to ride, or simply to take a spin, the small motorcycle takes as much care as its full-size counterpart. This book, by one of the world's foremost off-road motorcycle builders, tells you everything you need to know to keep your mini-motocross or playbike running smoothly, safely, and, of course, in style. This comprehensive handbook, the first of its kind, covers a variety of models--mini motocross racers from 50cc to 100cc, and small playbikes from 50cc to 250cc. A complete buying guide helps readers determine which of the small motorcycles best suit their needs. The book provides clearly detailed information on maintenance schedules, procedures, and the tools, materials, and space you'll need. Going that extra mile, Forward Motion's Eric Gorr offers model-specific suggestions for modifying the bikes to improve performance on and off the racetrack. He also includes sample builds of some of the most popular race and playbikes on the market.

people who make motorcycling the sport that it is. It's available monthly to AMA members. Become a part of the largest, most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800-AMA-JOIN.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.
