transportation incident involving a hazardous material. It is used by first responders in (1) quickly identifying the specific or generic classification of the material(s) involved in the incident, and (2) protecting themselves and the general public during this initial response phase of the incident. The ERG is updated every three to four years to accommodate new products and technology."

This Army Tactics, Techniques, and Procedures (ATTP) is intended

## Acces PDF Land Cover Manual Covers Vehicles From 1995 Model Year On

to help company-level leaders understand the principles and techniques of camouflage, concealment, and decoys (CCD). To remain viable, all units must apply CCD to personnel and equipment. Ignoring a threat's ability to detect friendly operations on the battlefield is shortsighted and dangerous. Friendly units enhance their survivability capabilities if they are well versed in CCD principles and techniques. CCD is equal in importance to marksmanship, maneuver, and mission. It is an integral part of a soldier's duty. CCD encompasses individual and unit efforts such as movement, light, and noise discipline; letter control; dispersal; and deception operations. Each soldier's actions must contribute to the unit's overall CCD posture to maximize effectiveness. Increased survivability is the goal of a CCD plan. A unit commander must encourage each soldier to think of survivability and CCD as

# Acces PDF Land Cover Manual Covers Vehicles From 1995 Model Year On

synonymous terms. Training soldiers to recognize this correlation instills a greater appreciation of CCD values.
