Never been Kissed by CM Kars was excellent! The writing was phenomenal. The story itself was fun and quirky. It's a story about two people finding their way together. I loved Sera's character. She was fun and witty and Hunter was a dream for her. They both changed each other's lives in only good ways. Hunter helped Sera believe that someone could actually want her regardless of her self doubt ...

The complete inability to buy Barrymore as unattractive, awkward, and unpopular ruins Never Been Kissed from the start, but it's doubtful a better actress could have saved it. <p>Sera Delos has a secret. She wishes it were something important or life-altering like owning a key to a blue Police Box that’s home to a time-travelling alien, or that she must hide the secret identity of her alter-ego. No, Sera’s secret is un-extraordinary. At twenty-five, she’s never been kissed. There just haven’t been many opportunities for the self-proclaimed nerd. There have always been too many shows to watch, too many books to read, and the rest of the time is spent fangirling over Tom Hiddleston. When the hottie next door and his son need a ride to the hospital, and Sera becomes the only available driver, her life is changed forever. Hunter MacLaine makes Dean Winchester seem like a mediocre-badass, even if he is a diabetic and doesn’t think much of himself. An old flame, nerdy references and the ups and downs of slowly falling in love with her next door neighbour, Sera’s wondering the obvious. Maybe, just maybe, if all the nerd-gods are smiling down on her, Sera Delos might have just found the man who her first kiss belongs to.</p>
<p>All Elise wants is to have her first kiss before she turns sixteen. Is that so bad? But when a friend’s poor advice and the powers of electronic technology combine, Elise heads down a dangerous road. She is accused of “sexting” and gets kicked out of school. But is she really the one to blame? This powerful and realistic story from beloved author Melody Carlson shows teen girls the impact of their choices when it comes to respecting themselves and their integrity. Honest and relevant, Never Been Kissed will make girls laugh, cry . . . and think.</p>

<p>Katarina "Katie" DiNovro is cursed.She's got enough malocchio and bad luck to last her a lifetime. So when she lightly taps a guy with her car, she's hoping he hasn't crossed into the afterlife and has only suffered a mild concussion. With her bad luck, the guy lying in the middle of the street is mega hot and Katie wants nothing more than a few hot and sweaty nights with him.Except the guy doesn't bite and Katie has to wonder why a nerdy guy like him wouldn't want to be with a hot-as-hell girl like her? Seriously. It's not like she's looking for a relationship, especially when she doesn't believe in love in the first place.It doesn't take long for Katie to realize that Dean Carter is someone from her past, someone she left behind a long time ago, and he's stirring up feelings she thought died an excruciating death back in high school.With her bad luck causing her enough strife, and her relationships in turmoil, Katie has to wonder - is she nerdy enough to keep a guy like Dean Carter to infinity and beyond?Or does the fact that she's never been nerdy going to ruin her one shot at true love?</p>
