The numero sign or numero symbol, N° , (also represented as N° , No., No./no.), is a typographic abbreviation of the word number(s) indicating ordinal numeration, especially in names and titles. For example, using the numero sign, the written long-form of the address "Number 22 Acacia Avenue" is shortened to " 22 Acacia Avenue", yet both forms are spoken long.

Numero sign - Wikipedia

A number is an abstract concept, whereas a numeral is a symbol used to express it. For example the word 'three', the positive integer '3', and the numeral 'III' are all symbols which get used to express the concept of 'three-ness'.

Once you know those words, learn the words for the numbers ten through nineteen. Then, count in tens from twenty to ninety. From there, you can write any number from one to one hundred by combining the words you've learned! To count by hundreds, write the number as usual, add the word "hundred," then write the rest of the number.
