Best Guitar player Amin Toofani at Harvard University ...

I was just learning to play guitar, and I was buying copies of magazines like Guitar Player, Guitar World, and the pretentiously named Guitar for the Practicing Musician, for their very occasional discussion of blues, country, and roots guitar players. This interest in rootsy guitar styles made me a high school weirdo freak that was more of an outcast than any punk rocker surrounded by preps ...

“We loved the book. The information was well paced and concise enough not to overwhelm. Any beginner would definitely benefit from having this book, and it’s a great reminder for those who might have forgotten details or are looking for them.” -- Nimal De Silva, The Music Garage (Singapore)
“Plenty of detail that goes into posture, hand position, thumb position, etc. The notation and strumming is really good here because it builds up in stages. In a lesson, you can introduce it in this way piece by piece and not overwhelm the student.” -- Michael Hanna, Grade 8 RS.Guitar - Larne Guitar School (N.Ireland)
Learn to Play Guitar is comprehensive and clear with over 180 photographic examples, illustrations and purpose made diagrams. This guitar book includes 42

downloadable mp3 tracks of full band demo and backing track with the guitar removed for you to play over. Learn to Play Guitar bridges the gaps explaining guitar techniques that can be taken for granted by more experienced guitar players. Melodies: To get you straight into playing music, numbers have been added underneath guitar tablature to assist with the rhythm. Later on, the rhythmical aspect of conventional music notation is covered so you can use it in conjunction with tablature. Rhythm Guitar: Changing between chords and strumming are presented as separate subjects initially, so that you can develop coordination in each hand independently. They are then brought together starting basic and getting more advanced until there is a rhythm guitar musical piece to play. Music theory: The major scale, minor scale, major and minor pentatonic scales and basic major and minor chord construction are explained in terms of the fret-board and reinforced by musical pieces in various styles to make the learning process practical and enjoyable. What else?: Fret-board layout, power chords, barre chords, how to string a guitar, how to practise guitar, palm muting and basic lead guitar techniques. Please Note: The eBook includes musical pieces so is not suitable for smaller screens. "This top value eBook and MP3 package covers a wide range topics essential for all guitarists. Over 100 pages with plenty of information and solid advice that a player can dip into as needed. Evans does not gloss over the often neglected area of reading notation for rhythm. There are many examples to practice (melodies and rhythm patterns) with the backing tracks. I was especially interested in the final section of exercises to keep your body guitar-ready. A very useful tool to help you progress with your guitar playing." -- Hedley Timbs BA(Mus), Grad.Dip. Teaching (New Zealand)
"Awsome. Well laid out, easy to look at and there is the supplemental material to top it off. The theory may get tedious for some, it's hard to not teach theory but most people seem to have an aversion to it, the idea of discipline I think." -- Gernot Schlegel, Professional Guitarist & Teacher (Canada)
"There’s two ways of learning the guitar – the first is two learn enough of the basics to fly towards playing your favourite songs competently, and the second is to intensively gain an understanding of the instrument by forming a solid foundation through taking your time with it in the early stages. The book titled “Learn to play Guitar” by Gareth Evans is of the latter approach. Through reading and learning from this book, players can discover a deep, extensive and in-depth approach to the technique, theory and everything else related to being a good beginner guitarist. Newcomers can learn positive and productive exercises to train their body to better play the guitar (not just their fingers) and across the 120 or so pages within, it’s clear that the writer has put a lot of time into figuring out the right approach for starters to take when adjusting to the standard 6-string. Would recommend this for anyone who is looking to get a really solid grip on how to play the guitar, and also to tutors who are looking at ways to improve their own tutoring abilities." -- Logan Ellis, Mgr. Spiderhands Productions Ltd (New Zealand)
"Learn to play Guitar is an ideal companion to support the beginner on their new found musical journey. Highly recommended." -- Liam Cain, BMus (hons) Professional Guitarist (UK)

Learning to play the guitar has never been easier! This book begins with an introduction to different types of guitars and their parts, followed by helpful information on how to choose a guitar. You'll learn how to tune the guitar, how to correctly hold it, how to read tablature, and about basic rhythm. Much of the remainder of the book gives you easy-to-follow instructions on learning chords, and each lesson is followed by a fun practice session and a simple song with which to practice the newly learned chords. In addition to over-the-shoulder color photos showing fingering positions and accompanying two-color chord charts that show exactly what to do, the reader can hear the tuning techniques, chords, exercises, and songs performed with tappable, embedded audio.

Provides instruction for playing rock guitar including reading music, playing chords, scales, and improvising.

Of the thousands of rock guitarists, a handful have defined the sound that the rest emulate. From Duane Allman to Frank Zappa, and the style and careers of 34 master axemen in between, Gill has captured the essence of great guitar playing and presented it in a format that will appeal to professional guitarists, weekend players, novices and even air guitarists. Explains how to select a guitar, understand chords and melodies, how to read notes, explore different musical styles, and details how guitar music is written.

There's something irresistible about guitar... It's music and art. Modern and classic. Beautiful and rugged. It's time alone and time with friends. It's timeless. It's for everyone. It's a whole lot of fun. And now it's easier to learn than ever before! Learn at your own pace You open the book, flip past the section about the various types of guitars and equipment. You're on a mission. You're thinking of that guitar you've had sitting in the corner. The one you promised yourself you'd learn how to play. You pick it up, turn to the section on tuning, and before long, you're ready to go. Next, you follow the tabbed pages to the section on chords. In minutes you've learned how to read rhythm slashes and you're successfully strumming a couple of chords. On a high, you flip to the section on note reading. Minutes later, you can play three notes on the first string, and for the first time ever, you're reading the notes on a staff and keeping time! This is fun! You flip to the tablature section. Woah, this looks different, but you read through the brief instructions and once again, you find you can do it! Now you're playing notes on multiple strings-and wait-did I just play a song? Why didn't I start playing years ago, you ask yourself. That's because you never had Beginner Guitar, the newest book in The Missing Method for Guitar family. It's everything you need to get started Beginner Guitar is not just another method book; it's a guide to entering the world of guitar for yourself. Each section allows you to move step-by-step through everything you'll need to become a confident player. Explore the basics of the instrument, including different types of guitars and equipment Learn to play chords (including power chords) and progressions Discover how much fun it can be to use tablature, read notes, or play by ear Practice fingerpicking techniques Try out various playing styles-country, rock, folk, jazz, blues, and classical Learn how to care for your instrument and change strings And much more! You choose where to place your focus and when. We'll provide the instruction, photos, and diagrams to make it easy. Experience you can trust The Missing Method for Guitar is dedicated to creating high quality instructional materials that inspire and empower all levels of guitar player, from absolute beginners to professional guitarists. Author Christian J. Triola has a BA in Music (Jazz Studies), a Master's degree in Education, over a dozen published guitar books, and 15+ years experience teaching hundreds of students of all ages to play guitar. It's time Join the millions of people who have discovered the joy of playing guitar. Scroll up, order your copy, and get started today! *This is a left-handed edition. Need a right-handed copy? We have that too! Search: Beginner Guitar: The All-in-One Beginner's Guide to Learning Guitar

Learn how to read music and play the guitar in a variety of styles with this easy-to-learn manual.

Teaches the basics of playing the guitar, from choosing equipment and perfecting posture to fingering scales and focusing on a musical style, and includes information on recording studios.
