In addition, this reliable resource discusses trader

is a natural extension of those efforts. This book is also a natural extension of my "Complete Beginners Guide to Trading" that I wrote back in 2017 when I was undergoing chemotherapy for lymphoma. I subsequently beat my cancer and wrote a book about that experience, and have since continued to grow in my journey as a trader and teacher. Building on my years of work with my twitter account, learning blog and various other writings on trading subjects, I am happy to now bring together in one place all those bits and pieces that have helped to make me a successful trader. I have personally made every single mistake mentioned in this book multiple times and therefore can speak from the heart, which I hope makes each lesson a little bit easier to learn. Thank you for reading and best of luck in your trading journey.
