I love a good dragon book, and this one has blown me away! The unique concept with druids, sorcerers, fae, humans and shifters - especially the origin explanation - was brilliant! Not only with dragons, but also other shifters, fae, sorcerers and druids. This book hooks you right from the start where Sloane is being chased by Dragon hunters, not long after she first accidentally shifted into a dragon, turning her world as she knew it upside down. Sloane was so easy to relate to, as she had always thought she was human and her struggles to come to terms with now being Skyborn are so genuine and realistic.
