Solution-focused therapy, also called solution-focused brief therapy (SFBT), is a type of therapy that places far more importance on discussing solutions than problems (Berg, n.d.). Of course, you must discuss the problem to find a solution, but beyond understanding what the problem is and deciding how to address it, solution-focused therapy will not dwell on every detail of the problem you are experiencing.

*What is Solution-Focused Therapy: 3 Essential Techniques*

Solution focused brief therapy is a simple idea but not easy to put into practice. It consists of only three basic questions which, if they can be answered, often lead to dramatic change. The task of the therapist is to ask the questions in a way that leads the client to discover the answers and this requires considerable skill.
