Since childhood, George Wesson has been besieged with anxiety, depression, and obsessive compulsive disorder (OCD). He desperately wants to overcome his debilitations, and enrolling at the University of Washington to study criminology might just do the trick. As a member of the University Police Department, thirty-one-year-old George becomes an ace detective. Along with his partner, Danny Smith, he has earned a reputation for solving crimes without calling in the local police department. But his skills and resolve are tested when he starts investigating a series of brutal murders committed on campus. When it becomes apparent that he may be on the killer's hit list, George's paranoia rears its ugly head and almost derails him. He seeks help from a psychologist, and the advice he receives helps him realize his adversary is only human. But even more, George discovers the psychological thorn in his own flesh could be the sword that defeats this frightening foe. With a unique hero and a fast-paced plot, "The Campus

Detective" delivers a thrilling murder mystery and reveals how one man's downfall may just be his salvation.

Magic and the force of destiny propelled Bridget Lederle across the void between worlds, through the Land of Death and Spirit, to the world of Isavalta, where she discovered secrets about herself and her family that had been hidden since before her birth. It seems like only yesterday that a charismatic stranger swept her from her home on the shore of Lake Superior and took her on an impossible journey to a strange, bejeweled world where sorcery could spring from the simplest of patterns, with most serious effect. In Isavalta she also discovered magical powers she had never suspected she possessed before her transit between the worlds. More than self-knowledge has changed her: she is in love with Sakra, a powerful sorcerer and her staunch ally. And she learns that her daughter, who she thought was lost to her, is alive. But that daughter is also the pawn in a dangerous game of power and politics. The powerful spells of a ruler intent on conquest threaten to destroy both mother and daughter. Torn between the contending forces of magic and empire, Bridget lives an extraordinary adventure replete with unimaginable dangers. Beset by enemies on all sides, she must rely on the aid of supernatural forces she can't control, lest she be destroyed by a fate she cannot imagine.

Vengeance is a thrilling tale of deceit, battles, of betrayal and revenge. In an empire riven by religious disputes, Belisarius must rely on his own growing prowess and subtle wits.
