This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

By late 1936, the worst years of the Great Depression are over. Wealth has created new opportunities for Minnie: a beautiful home in California, a luxury car, the yearning desire by a handsome lieutenant, and the family's summer retreat, which draws her like a magnet. Secrets abound. A hidden bohemian community of writers, poets, artists, and escapists is scattered across the shifting, coastal dunes near the cottage. In contrast to the seclusion of the cottage, Minnie's screenwriter cousin introduces her to the intrigue and excitement of Hollywood. Dwayne warns her about the "ruthless" characters willing to do anything to satisfy their lust for fame, fortune, and forbidden pleasures. A crisis forces Minnie to return temporarily to the South and the plantation. Hospitality greets her, but her guard remains razor sharp. Some past grudges will only be settled by the gun. Only Minnie's character will determine her future.
